**PAN ORIENT ANNOUNCES INTENTION TO COMMENCE NORMAL COURSE ISSUER BID**

**CALGARY, MARCH 5, 2015**

Pan Orient Energy Corp. ("Pan Orient") (POE – TSXV) announced today that it intends to commence a normal course issuer bid for the purchase of its common shares. The bid is subject to regulatory approval, by the TSX Venture Exchange ("TSXV").

Under the terms of the bid, when accepted by the TSXV, Pan Orient will be authorized to purchase, for cancellation, up to 4,705,920 of its common shares (10% of the public float), subject to a maximum of 1,135,206 common shares (2% of the 56,760,307 issued and outstanding common shares) during any 30 day period. The ability to purchase common shares under the bid will commence on or about March 12, 2015 and end one year from commencement or on the earlier date on which Pan Orient has either acquired the maximum number of common shares specified above or otherwise decided not to make any further purchases.

Purchases under the Bid will be made from time to time by Mackie Research Capital Corporation on behalf of Pan Orient through the TSXV. Common shares purchased will be paid for with cash available from Pan Orient's working capital. All common shares purchased will be cancelled.

Pan Orient believes that volatility in commodity prices and the resulting impact on its common shares provide opportunities to Pan Orient to purchase common shares at attractive prices and that the purchases are an appropriate use of funds that will enhance value of the common shares held by remaining shareholders.

*Pan Orient is a Calgary, Alberta based oil and gas exploration and production company with operations currently located onshore Thailand, Indonesia and in Western Canada.*
